REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees
The Administrative Office of the Diocese of Las Vegas
Las Vegas, Nevada

We have audited the accompanying financial statements of The Administrative Office of the Diocese of Las Vegas (a non-profit organization) which comprise the statements of financial position as of June 30, 2016, and the related statements of activities and change in net assets, and cash flows for the year then ended, and the related notes to the financial statements. The financial statements of The Administrative Office of the Diocese of Las Vegas as of June 30, 2015, and for the year then ended were audited by other auditors. Those auditors expressed an unqualified opinion on those financial statements in their report dated November 20, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Administrative Office of the Diocese of Las Vegas as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

THE ADMINISTRATIVE OFFICE OF THE DIOCESE OF LAS VEGAS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation – The accompanying financial statements include the assets, liabilities and operations of departments under the administration of The Administrative Office of the Diocese of Las Vegas (“Diocese”). Except for transactions with the Diocese, assets, liabilities and operations of the parishes, missions, convents, schools and charity operations of the Diocese of Las Vegas have not been included in the accompanying financial statements.

The financial statements of the Diocese have been prepared in accordance with generally accepted accounting principles and “Accounting Principles and Reporting Practices for Churches and Church-related Dioceses”, adopted by The National Conference of Catholic Bishops, The Leadership Conference of Women Religious and The Conference of Major Superiors of Men.

Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations. Donations received and spent in the same reporting period are also included in this classification.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Diocese or passage of time.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Diocese. Generally, the donors of these assets would permit the Diocese to use all or part of the income earned on related investments for general or specific purposes.

Cash and Cash Equivalents – The Diocese considers all money market accounts and highly liquid debt instruments with an initial maturity of three months or less to be cash equivalents.

Reclassification of prior year – Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations.

Investments – Marketable equity securities and other investments are stated at their fair value, which is determined by quoted market prices. Net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments, is included in investment income (loss) in the statements of activities.

Fair value of financial instruments – The Diocese’s financial instruments include certificates of deposit, government securities, receivables, notes and mortgages receivable, accounts payable, accrued expenses, and deposits payable. The fair value hierarchy under U.S. GAAP distinguishes between assumptions based on market data (observable inputs) and an entity’s own assumptions (unobservable inputs). The hierarchy prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels:

Level one – Unadjusted quoted market prices in active markets for identical assets or liabilities;

Level two – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

THE ADMINISTRATIVE OFFICE OF THE DIOCESE OF LAS VEGAS
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Level three – Unobservable inputs developed using estimates and assumptions, which are developed by the reporting entity and reflect those assumptions that a market participant would use. The Diocese has determined the estimated fair values of its financial instruments using available market information and commonly accepted valuation methodologies. However, considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the Diocese’s estimates are not necessarily indicative of the amounts that it, or holders of the instruments, could realize in a current market exchange. The use of different assumptions or valuation methodologies could have a material effect on the estimated fair value amounts. The fair value estimates are based on information available as of June 30, 2014. These amounts have not been revalued since those dates, and current estimates of fair value could differ significantly from the amounts presented.

The carrying value of certificates of deposit, government securities, receivables, notes and mortgages receivable, accounts payable, accrued expenses, and deposits payable approximate their respective fair values.

Depreciation – Property acquired is presented at cost, if purchased, or fair market value at date of donation, if acquired by gift or bequest. Depreciation of assets is computed on a straight-line basis over the estimated useful life of the asset. Expenses for maintenance and repairs are charged to operations when incurred.

Notes and Mortgages Receivable – Notes and mortgages receivable are carried at cost. The funds required for the purchase of a new parish land site is provided by the Diocese through a twenty-year note receivable. The parish land is held by the Diocese as a future parish site until the start of construction, at which time it is transferred at cost to the parish for a note receivable. Interest income is recognized when earned per the terms of the agreement.

Contributions – The Diocese recognizes all contributed support received as income in the period received. Contributed support is reported as unrestricted or as restricted depending on the existence of donor stipulations that limit the use of the support. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

Functional Allocation of Expenditures – The costs of providing the various programs and other activities of the Diocese have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Tax Status – The Diocese is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been classified as other than a private foundation by the Internal Revenue Service. Accordingly, no income tax is reflected in the accompanying financial statements.

Concentrations of Credit Risk – Financial instruments, which potentially subject the Diocese to significant concentration of credit risk, consist primarily of cash and cash equivalents, money market funds, and notes receivable. The Diocese maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Diocese maintains a significant portion of money market funds with a single trustee. The Diocese does not require collateral for notes receivable. The Diocese has not experienced any losses in such accounts. The Diocese believes it is not exposed to any significant credit risk on cash and cash equivalents, money market funds and notes receivable.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates based on management's knowledge and experience. Due to their prospective nature, actual results could differ from those estimates.

Less accumulated depreciation	(2,903,204)	(2,649,960)
	\$ 7,844,852	\$ 6,244,181

4. PENSION PLAN

The Diocese sponsors various defined benefit pension plans for most full-time employees and all priests in good standing who are incardinated in the Diocese.

Although these plans are exempt from the funding requirements of ERISA, it has been the policy of the Diocese to make contributions annually that are not less than the pre-ERISA minimum contribution requirement.

The Diocese uses a June 30 measurement date for the defined benefit pension plans. The amounts disclosed in this footnote for the lay employees' pension plan reflect the Diocesan allocated share of the overall plan liability. The Diocesan allocated share for the years ended June 30, 2016 and 2015 were 6.66% and 5.72%, respectively.

Equities	30-70%	60%	64%	64%
Fixed Income	28-68%	30%	34%	34%
Cash	0-20%	10%	2%	2%

Investment policy in Writing

The Diocese has adopted an official Statement of Investment Policy for this plan. Pension plan assets are invested by an independent professional investment manager, with the objective of achieving long-term growth in assets with reasonable risk as compared to established benchmarks. The investment policy requires high quality investments and adequate diversification. Prohibited investments include options, short sale contracts and derivatives. The Diocese regularly monitors the investment manager's performance relative to short-term and long-term objectives as set forth in the official policy. A compliance audit of the managers' adherence to policy guidelines is conducted as a component of each performance evaluation. The Statement of Investment Policy includes consideration for social responsibility and Roman Catholic social teaching.

Plan assets for the supplemental plan are insufficient to necessitate an independent investment policy. Assets are currently held in cash equivalents to meet near term benefit payments.

Contributions

The Diocese expects to contribute approximately \$306,000 to the pension plans for the fiscal year ending June 30, 2017.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

4. PENSION PLAN (continued)

Estimated Future Benefit Payments

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

Fiscal Year Ending June 30	Annual Pension Benefits
2017	\$ 549,000
2018	611,000
2019	610,000
2020	602,000
2021	593,000
2022-2026	2,801,000

5. NOTES AND MORTGAGES RECEIVABLE

Notes and mortgages receivable consist of the following at June 30:

	2016	2015
Parish 20 year notes secured by land with no interest for first 10 years, and prime plus 1% thereafter, with maturities ranging from November 2022 to April 2026	<u>\$ 8,216,978</u>	<u>\$ 8,402,392</u>

6. DUE TO RELATED PARTIES

Balances due to the Catholic Diocese of Las Vegas Capital Funding Corporation (“CDLV CFC”) consist of the following at June 30:

	2016	2015
Diocesan payable due in monthly installments of \$90,278 including interest at 2.28% through December 2023	<u>\$ 7,655,320</u>	<u>\$ 8,738,654</u>

Balances due to the Catholic Diocese of Las Vegas Capital Management Corporation (“CDLV CMC”) consist of the following at June 30:

	2016	2015
	<u>\$ 1,678,082</u>	<u>\$ 1,678,082</u>

During November 2011, a term loan payable was refinanced with Bank of America, N.A. whereby the Diocese, CDLV CFC and The Catholic Diocese of Las Vegas Capital Management Corporation (“CDLV CMC”) are co-borrowers. CDLV CFC has recognized this obligation as the primary borrower on the refinancing therefore the balance totaling \$8,125,000 as of June 30, 2016 has not been recognized on these financial statements.

Catholic stewardship appeal	1,901,625	1,760,893
	\$ 15,515,033	\$ 13,223,529

8. PERMANENTLY RESTRICTED NET ASSETS

Permanently restricted net assets were held for the following purposes as of June 30:

	2016	2015
Seminarian education fund	\$ 692,066	\$ 692,066
Laliberte seminarian fund	29,405	29,405
	\$ 721,471	\$ 721,471

Unexpended investment income earned on these assets is \$1,201,863 and \$1,226,419 as of June 30, 2016 and 2015, respectively, and is included in clergy formation and support in temporarily restricted net assets. As of June 30, 2016 and 2015, unexpended investment income earned includes \$125,877 and \$200,368 respectively, of unrealized investment appreciation.

9. LEGAL PROCEEDINGS

The Diocese is party to various general legal proceedings which have arisen in the ordinary course of operation. While the results of these matters cannot be predicted with certainty, the Diocesan management believes that losses, if any, resulting from the ultimate resolution of these matters will not have a material adverse effect on the Diocesan financial position, results of operations or cash flows. However, unfavorable resolution could affect the financial position, results of operations or cash flows for the years in which they are resolved.

10. COMMITMENTS AND CONTIGENCIES

A non-profit organization, the Bishop Gorman Development Corporation (“Development Corporation”) affiliated with the Diocese, constructed a new campus (the “Campus Project”) for Bishop Gorman High School. The Development Corporation secured a bond for approximately \$25 million relating to the financing of the Campus Project. Additionally, the Development Corporation secured a bridge loan totaling \$12.5 million for the construction of additional facilities to the campus. As of June 30, 2016, the outstanding balance of this loan was \$2,310,500. The Diocese is financially responsible for the bond and the bridge loan incurred by the Development Corporation as a guarantor.
